RESPONSE TO OFFICE ACTION OF JUNE 15, 2006

In the Office Action of June 15, 2006, the only outstanding rejection of pending claims 18-37 included a rejection of claims 18-20 based on non-statutory obviousness-type double patenting based on U.S. Patent No. 7,025,755. Accordingly, applicant hereby submits a terminal disclaimer in the above-identified application to overcome the double patenting rejection based on such patent.

It is understood that claims 20-37 were not rejected and thus are believed to be allowable. Thus, the only outstanding rejection of pending claims 18-22 has been addressed herein and it is now respectfully submitted that all of the pending claims 18-

37 in the present application are in allowable form. Reconsideration and allowance are respectfully requested.

Respectfully submitted,

Date: July 11, 2006
